SUMMARY

A highly motivated and detail-oriented Computer Science student skilled in front-end development, Java, and version control. Experienced in building responsive web applications, collaborating in team environments, and solving real-world problems. Seeking an entry-level software development role.

EDUCATION

B.Tech in Computer Science, Aditya Engineering College, Surampalem *Expected 2026*
CGPA: 8.6/10, AP, India
Diploma (CSE), Andhra Polytechnic College, Kakinada *2020–2023*
Percentage: 88%, AP, India

SKILLS

Programming: C, Python, Java, HTML, CSS, JavaScript
Frameworks/Libraries: React.js, Node.js, Express.js, MongoDB
Developer Tools: Git/GitHub, Google Colab, VS Code

INTERNSHIPS

Edunet Foundation — AI/ML Intern *May 2025 – June 2025*

- Completed a 6-week internship focusing on Artificial Intelligence and Machine Learning.
- Built predictive models using supervised and unsupervised learning algorithms.
- Used Python for data preprocessing, feature engineering, and model evaluation.
- Applied ML techniques to real-world datasets using AI tools.

OpenTab Innovations Pvt. Ltd. — Full Stack Developer Intern *June 2025 – Aug 2025*

- Developed responsive web apps using React.js, Node.js, Express.js, and MongoDB (MERN stack).
- Built RESTful APIs, implemented authentication, and integrated frontend with backend.
- Improved UI/UX and optimized application performance for deployment.

PROJECTS

FarmXpert: A multi-feature agriculture support platform offering crop recommendation, disease detection, fertilizer store, and weather updates using React.js, Node.js, and MongoDB. Designed an intuitive UI for farmers and integrated an AI-based chatbot in Telugu for accessibility.

Personal Portfolio: Designed and developed a responsive personal portfolio website using HTML, CSS, and JavaScript to showcase skills, projects, and achievements with smooth animations and a modern layout. [View]

CineMax: Developed a movie ticket booking web app with show listings, seat selection, and secure payment integration using React and Node.js, ensuring real-time updates and smooth user experience. [View]

CERTIFICATIONS

- Cisco: Programming Essentials in C++
- EDX: Java Programming Fundamentals
- Coursera: Introduction to Git and GitHub

CODING PROFILES

- LeetCode:** 400+ Problems Solved [View]
- GeeksforGeeks:** 70+ Problems Solved [View]
- CodeChef:** 250+ Problems Solved [View]
